Providing high quality public bus services across Lancashire

Preston Bus has grown since it was acquired by our parent company Rotala Plc since 2011.

We provide local bus services under contract to local authorities and commercial bus routes.

With our depot in the heart of Preston, we are perfectly suited to provide a wide network of urban, suburban and rural services across the region.

Today, our network encompasses over 35 routes and transports millions of passengers per year.

With continuing investment we plan to continue to grow further.
